

LEED®-NC 2.2 Documentation

Credit MRc4.1 and 4.2 – Recycled Content – 10% or 20% (post-consumer +1/2 pre-consumer)

Valued LEED Partner:

The Stanza Wall System is a non-load bearing demising wall that, in accordance with *ISO 14021 – Environmental labels and declarations – Self-declared environmental claims (Type II environmental labeling)* contains 88% (by weight) post-consumer recycled content.

A typical 24” section weighs 149.8 pounds and contains 131.8 pounds of post-consumer recycled content.

We verify the claims about the Stanza Wall System in this letter to be true. This document is correct as of the date listed and will be updated only when/if the product changes.
